***Caregiving is pro-life!***

“The family is the first haven where those who are dependent -- by being too young or too old, too disabled or too sick to care for themselves -- find their closest and surest support. . . . It is cruelly ironic that the thought of eliminating one’s child or one’s parent could be considered an acceptable, even altruistic, action.”

--National Conference of Catholic Bishops, *Faithful for Life*, 1995
